PowerMAX+ 1U 24P Cat.6A UTP Snap-in Panel

The DINTEK PowerMAX+™ Cat.6A UTP Patch Panel is designed to provide outstanding 10Gigabit Ethernet performance and excellent aesthetics in a staggered high-density, modular UTP Cat.6A solution.

The DINTEK PowerMAX+™ UTP patch panel provides for fast and reliable installation by accelerating module mounting times and cable tie-down operations.
The panels are designed to accept the DINTEK PowerMAX+™ Cat.6A UTP keystones which snap in place easily. The unique staggered mounting feature provides the maximum in alien crosstalk reduction.

Features

- Cat.6A performance when installed as a complete PowerMAX+ unshielded system
- UTP snap-in type
- Printed port number and white writing labelling
- Rotatable cable manager
- Stagger port positioned design to reduce alien crosstalk

Physical Features

- Plate : SPCC-SPCC 16G
