Datasheet   1406-00041
1U 24P UTP Snap-In Panel

The DINTEK 1U 24 Port UTP patch panel provides for fast and reliable installation by accelerating module mounting times and cable tie-down operations.

The panel is designed to accept the DINTEK PowerPRO™ & PowerMAX™ unshielded keystones which snap in place easily. The unique construction provides a finished product that looks like a standard modular patch panel, yet takes advantage of using ezi-JACK keystones and quick terminating tools.

The patch panel is compatible with both PowerPRO™ and PowerMAX™ Unshielded Keystone Jacks.

Features

- UTP snap-in type
- The snap-in type panel is compatible with ezi-JACK™ Cat.5e & Cat.6 versions
- Printed port number and white writing labeling
- UL, ETL listed
- Can be purchased bundled with rear cable management

Applications

- Voice: T1; ISDN
- 10BASE-T (IEEE 802.3)
- 16Mbps Token Ring (IEEE802.5)
- 100VG-AnyLAN (IEEE802.12)
- 100BASE-T Ethernet (IEEE802.3)
- 155/622Mbps 1.2/2.4 Gbps ATM
- 1000Mbps Gigabit Ethernet
- 550MHz Broadband Video

Standards Conformance

- SO/IEC11801 2nd edition
- ANSI/TIA Standard 568-2.D
- CENELEC EN 50173
